

I promise that I shall operate and manage my farm as a holistic entity and use ecological farming practices to produce wholesome, nutritious food. I will work within the environmental and production guidelines and principles of Certified Naturally Farmed - Granite Belt to the best of my ability for the duration of my membership.

- I will work to optimise and develop the fertility and biological health of the soil, plants and animals of my farm.
- I will encourage and enhance biodiversity on my farm to achieve a healthy agricultural system.
- In food production areas, I will use inputs and practices consistent with the National Organic Standard.
- I will work with my peer support network and members of the local group and attend meetings in order to increase and share my knowledge of production and environmental practices relevant to the principles of Certified Naturally Farmed – Granite Belt.
- I will participate in audits on other farms as per the group's requirements and disclose my farming records and annual inspection results to Certified Naturally Farmed - Granite Belt and the general public.

All of the information that I have provided to Certified Naturally Farmed - Granite Belt is accurate and true and I will accept all decisions of Certified Naturally Farmed - Granite Belt with regard to my continuing membership and certification status with the local group.
