

October 2011

When I let go of what I am – I become what I might be. (Lao Tzu – a 6th century Chinese philosopher)

At our last meeting we briefly touched on possible exhibitions, events, workshops etc etc for **2012/13**, and the call went out for ideas. So if you have any ideas or thoughts please let me know.

“State of Flux” finishes **October 2**. While sales may not be great, the response to the show has been very positive. And it certainly has been good for the Borderline image in the community, and beyond. At least two new members have joined via forms left at the gallery. And it appears to have engendered a new enthusiasm within our group, if the 15 members (a record?) who attended our last meeting are any indication. (see a photo of the meeting attendees on our website).

As well, Penelope Hillam has indicated that she would like to have us back in early to mid 2013 **with a new theme**. So suggestions please!

Our exhibition **“Shine”** opens on **Saturday Oct 8 at 4:00pm**.

RSVP Thursday Oct 6 johnlobley@bigpond.com
